TRIP PLANNER

Northwestern Ontario

■ North of Superior ■ Ontario's Sunset Country

ONTARIO
CANADA
TOURISM

How To Use This Trip Planner

This *Trip Planner* covers two regions: North of Superior and Ontario's Sunset Country.

Each region is presented separately, and each section begins with a brief overview of the region. The name, address and telephone number of the Travel Association are also provided.

Each region's attractions are presented as a whole, listed alphabetically by community; then the region's accommodations are listed, followed by its campgrounds, likewise listed alphabetically according to the closest community.

To give you a more complete picture of the province, we've included highlights throughout each region. These include stories from history, in-depth descriptions of attractions, facts about nature and interesting splashes of local colour. We hope you enjoy them.

If you're looking for a particular community, campsite or accommodation, the index at the back of the *Trip Planner* will help you.

ATTRACTIONS

A brief description of each attraction includes information on its location, hours and rates of admission. We've included a telephone number—although the information supplied to us was deemed correct at time of publication, changes can occur—we recommend you call ahead before making a special trip.

Here is a typical Attractions listing.

Ottawa

What to do in Ontario?

In a word—Everything!

This huge, colourful, friendly and diverse place is a traveller's dream. From the southwest, Canada's southernmost area, to the north, there are a dozen fascinating regions, each one different, with countless sights to see and activities to enjoy. You *really* can do everything!

In Ontario.

Where to stay?

Ontario's network of accommodations includes everything from simple motels or rustic cottages to luxurious full-service resorts, and a whole range of hotels with every amenity. Many of Ontario's beautiful provincial parks provide excellent camping facilities, some full-service, others primitive, isolated and only water-accessible. There are also many excellent private campgrounds around the province with a variety of facilities and services.

Whatever kind of trip you're planning—whether it's a big-city luxury weekend, touring the regions, a relaxing resort vacation or a wilderness excursion—we've got just the place for you to stay.

Some Facts About Ontario

Who and where we are

A diversity as huge as the province itself awaits the visitor to Ontario. From its sophisticated modern cities to the vast, untouched wilderness; from the carefully tended vineyards of Niagara to the rugged northern forests; from some of the world's hottest shows to peaceful lakes where the call of the loon is the only music—it's all found in Ontario.

Pow Wow

Canada's second-largest province covers 1.068 million square kilometres (412,582 square miles) stretching over 1,700 kilometres (1,056 miles) from its most southerly point, on the same latitude as northern California, to the Arctic waters of Hudson Bay, and 1,600 kilometres from west to east. The word "Ontario" is thought to mean "beautiful waters" in the original Iroquoian—and it couldn't be a more appropriate description! While over 70 per cent of the province is covered by forests, 20 per cent is comprised of water, with over 250,000 lakes, gouged into the rock of the Canadian Shield by the last ice age. Hundreds of kilometres of shoreline on four of the Great Lakes offer numerous recreational opportunities, from the rugged beauty of Lake Superior in the north, or the sailing paradise of Lake Huron, to the gentler shores and beautiful sandy beaches of Lakes Erie and Ontario.

It was 10,000 years ago when the first aboriginal people arrived in what is now Ontario. While some continued to wander, in the south other aboriginal nations settled down, erecting villages and farming the land. There were battles between the nations, but by the 1600s they had begun to band together into confederacies, and developed a democratic system of government.

The French were the first Europeans to arrive in Ontario, and at Sainte-Marie-among-the-Hurons you can visit the reconstructed Jesuit mission to the Hurons built in 1639. The lucrative fur trade drew the English to the wild

shores of Hudson Bay only a few years later, but settlement in earnest began with the Loyalists moving north after the American War of Independence.

Today, there are two aboriginal language groups in Ontario: Algonquian, spoken by the Algonquin, Ojibwa and Cree; and Iroquoian, spoken by the Iroquois.

The French culture is still a part of Ontario, with Franco-Ontarians representing 5 per cent of the province's population of just over 10 million. Successive waves of immigrants have continued to enrich Ontario's culture, and its cities are microcosms of the world in their rich ethnic variety. Ontario is home to more than 60 cultures with distinct languages and traditions.

Ontario has a rich history and a dynamic, vibrant life today. There are countless interesting and exciting things to see and do. It's also a place of wonderful natural beauty. Whether you're looking for a vacation full of activities and sightseeing or something more restful, we want to help you choose the right place. We hope our *Trip Planners* will make your decision easier.

What's the temperature?

The climate here ranges from humid continental in the south to subarctic in the north. Temperatures are given officially in degrees Celsius with the Fahrenheit equivalent often added. For an exact conversion of °Fahrenheit to °Celsius: subtract 32 from number of °F, then multiply by 5/9. Conversely, multiply °Celsius by 9/5, then add 32 to get °Fahrenheit. For a quick reference, here is a partial conversion chart:

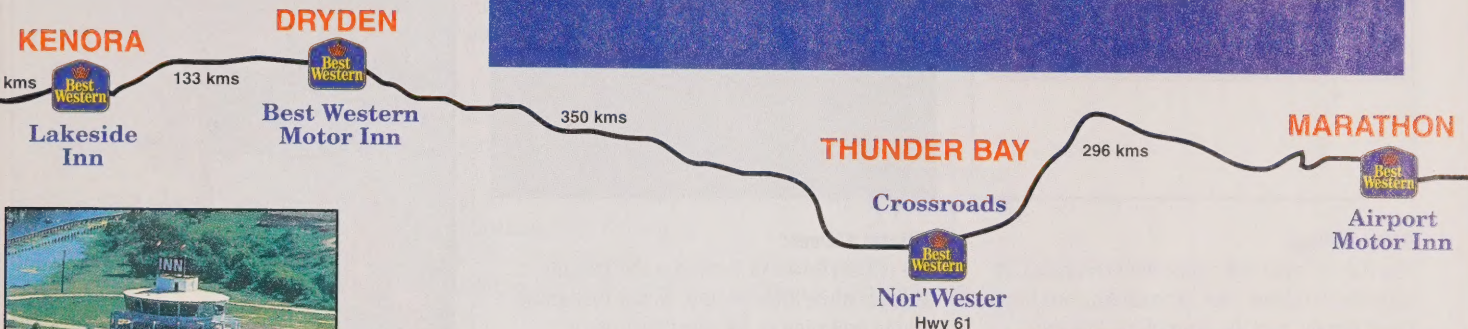

35	95
30	86
25	77
20	68
15	59
10	50
5	41
0	32
-5	23
-10	14
-15	5
-20	-4
-25	-13
-30	-22
-35	-31
°Celsius	°Fahrenheit

Due to Ontario's vast size, temperatures vary tremendously from region to region and even within the different regions. Generally, the lowest temperatures are recorded in January and the highest in July.

Ontario's Emblems

Official Flag:

The flag of Ontario is called the Red Ensign. It includes the Union Jack, representing our ties to Great Britain, and the Arms of the Province.

Official Flower:

The official flower of Ontario is the Trillium, a delicate, white three-petaled flower that grows wild in profusion in the woodlands of the province in early spring.

Coat-of-Arms of Ontario:

The arms of the province consist of a green shield with three golden maple leaves surmounted by the Banner of St. George, a red cross on a silver background. The banner indicates our close ties with Britain, while the colours green and gold are Ontario's official colours, and green symbolizes the land. Above the shield is a bear, with a moose and a deer supporting the shield, all representing the rich animal life of the province. The Latin motto is translated as "Loyal She Began, Loyal She Remains." The shield was granted by Royal Warrant of Queen Victoria on May 25, 1868, and the crest, supporters and motto by Royal Warrant of King Edward VII on February 27, 1909.

Official Gem:

Amethyst, the rich purple semi-precious gem, is the official gem of Ontario. Large deposits are found in North of Superior travel region.

Official Tree:

The Eastern White Pine. The White Pine was an important source of income and trade during the pioneering days, and continues to be a valuable resource for Ontario. Pictured here is the Kirkwood Giant Pine, the tallest tree in Ontario at 49.2 metres (161 feet).

Other Guides To Ontario

This *Trip Planner*, one of a series of four, which together cover the 12 travel regions of Ontario, provides you with the information to plan your vacation—information on a variety of things to see while touring around the province, and where to stay, whether you are looking for roofed accommodation or camping.

As you read through this *Trip Planner*, you will see map sections and references to map co-ordinates—these all refer back to the **Ontario Official Road Map**. You'll find it invaluable—make sure to get a copy by calling Ontario Travel or visit any Ontario Travel Information Centre.

Scenic Tour Routes

ROUTE OF THE VOYAGEURS

Once the trading route of the voyageurs, now a comfortable, panoramic tour, 2,080 km (1,300 miles) lined with wildlife reserves, parks and wilderness area; from Hawkesbury to Kenora along the splendour of Lake Superior.

LOYALIST PARKWAY

94 km (59 miles) between Kingston and Trenton that take you via the Glenora ferry through scenic Quinte's Isle, past historic towns, rolling farmland and beaches, tracing the steps of the first Loyalist settlers.

FRONTIER TRAIL

1,600 km (1,000 miles) through the gold, silver and lumbering communities of the north, with some great fishing and sightseeing on the way; from Toronto the route takes you north to Hearst, then along Lake Superior, then north again to Kenora.

TALBOT TRAIL

The Talbot Trail follows quiet highways and country roads 400 km (245 miles) through three historic and picturesque counties and two regions; from Windsor to Fort Erie.

RIDEAU-TRENT-SEVERN TRAIL

680 km (425 miles) of canals, locks, parklands and open water linking Ottawa with Lake Ontario and Georgian Bay.

TERRY FOX COURAGE HIGHWAY

A splendid tree-lined stretch of 100 km (63 miles) between Nipigon and Thunder Bay, where an indomitable young Canadian prematurely finished his Marathon of Hope.

LAKE NIPISSING CIRCLE TOUR

Rich in history and folklore, Lake Nipissing has attracted visitors for more than 300 years. The 330 km (205 mile) route passes historic small towns, spectacular lookout points and the thriving city of North Bay.

BLUEWATER TRAIL

Stretches 1,120 km (700 miles) from Windsor to Manitoulin Island. And, as you may have guessed, tends to keep you close to the lakeshores and riverbanks.

WINE ROUTE

This route along the Niagara Peninsula takes you from Stoney Creek to Niagara Falls, past acres of vineyards and beautiful scenery. Many wineries—from cottage industries to large modern plants—offer tours to visitors.

• More Scenic Tour Routes on page 12

Scenic Tour Routes

HERITAGE HIGHWAY

From Windsor, 1,895 km (1,184 miles) to the Gaspé Peninsula of Quebec, this route traces a historic path of forts, battle sites and museums.

GREAT RIVER ROAD ROUTE

The Lake of the Woods Parkway is a scenic route extending 600 km (365 miles) into northwest Ontario.

LAKE HURON CIRCLE TOUR

This route takes you 2,240 km (1,400 miles) around Lake Huron, past sandy shores and rugged outcroppings, blue waters against limestone cliffs, through bustling modern cities and quaint, quiet villages.

ALGONQUIN TRAIL

A circle tour of scenic lake country: small resort towns, country antique shopping, the majesty of Algonquin Park, wilderness and wildlife; from Napanee through to Algonquin Park and then south through Lindsay.

LAKE SUPERIOR CIRCLE TOUR

2,080 km (1,300 miles) of green forest, cascading waterfalls and towering cliffs border this, the largest freshwater lake in the world.

APPLE ROUTE

The main road of the Apple Route is Highway 2 between Colborne and Trenton, but there are several branches along the way into rolling hills and marshlands and past sandy beaches. All along the way are the apple orchards that give the route its name.

GOLDEN HIGHWAY

This cross-shaped route includes Highway 11 from Englehart north to Matheson and Highway 66 from Matachewan east to the Quebec border, with Kirkland Lake in the centre. The tour includes famous gold mines from the past and mines that are still producing today.

AFRICAN-CANADIAN HERITAGE TOUR

Retrace the steps of black refugee slaves who sought freedom by following the North Star to Canada. Six historic sites in Kent and Essex counties tell the story of the Underground Railway.

OIL HERITAGE ROUTE

Starting just south of Highway 402, the tour carries visitors to the birthplace of the modern oil industry and to family attractions as diverse as a performing arts hall, an historic working oil field and a museum.

WELLAND CANAL ROUTE

The Welland Canal Route takes you through the heart of the historic Niagara Peninsula. From Port Dalhousie on Lake Ontario it follows past and present canal routes through a dozen towns to Port Colborne on Lake Erie.

Ontario's Twelve Travel Regions

The province of Ontario is divided into 12 travel regions, each with its own distinct character, activities and attractions, and with its own Travel Association. The regions are indicated on the map opposite. To make planning your trip easier, we have grouped some of these regions to create four area *Trip Planners*, of which this guide is one. The *Trip Planners* cover the following areas:

North of Superior

■ *The grandeur of Ouimet Canyon, near Nipigon*
See listing page 28

The majesty and austere beauty of Lake Superior. This is where North of Superior begins. From Pukaskwa's wild shore the road leads west past picturesque communities, with many a spectacular lookout point, to the dynamic city of Thunder Bay, one of the world's largest grain ports.

This is the gateway to the vast wilderness that lies North of Superior. A thousand square miles of lakes, rivers and forests, where the roads are few, and the opportunities unlimited.

There is superb canoeing, with waterway parks preserved for your enjoyment. There is camping, hiking, and a host of places to stay. North of Superior also boasts challenging golf courses and numerous marinas.

And you can enjoy some great fishing – everything from deep-water trout and wild salmon fishing on Lake Superior, charter cruises on Lake Nipigon, to remote, fly-in outpost camps on secluded lakes where the walleye and northern pike await your line.

There's also a whole choice of fishing lodges, from the most rugged and rustic camp to the luxury resort.

North of Superior . . . the wilderness beckons.

● PUKASKWA NATIONAL PARK (PRONOUNCED PUCK'-A-SAW)

The word Pukaskwa means "a wild shore of an inland sea" - the 'wild shore' is 1,878 km² of ancient and rugged Canadian Shield topography, the 'inland sea' Superior, the largest of the Great Lakes. Together they give Pukaskwa National Park an awesome and fascinating wilderness appeal.

A 67-site campground, Visitor Centre, and a day-use area are located in Hattie Cove, at the northwest side of the park. In addition, there are a number of short (1.5 km) nature trails and excellent sand beaches. Backcountry facilities include a 60-km coastal hiking trail, white water canoe routes, and canoeing/kayaking or boating along the Superior coastline.

Location: Hattie Cove access from Hwy 627 off Hwy 17. The northern tip of the park is 24 km east of Marathon.

Open: All year. Facilities: early June - Labor Day (Hattie Cove).

Rates: Personal Use Fee: Adult \$3, Senior \$2.25, Student \$1.50. Backcountry Use Fee: mandatory registration \$6/person, camping permit \$10/party/night. Camping \$14/site, \$17 for electrical site. Firewood \$3.25/bundle.

Kakabeka Falls . . .

These magnificent cascades are impressive because of the large volume of water going over the 39-metre (128-foot) drop. The legend of Greenmantle tells of an Ojibwa princess, captured by the Sioux. She pretended to guide them to her people. Instead, she took them straight over the falls.

The falls are located just west of the centre of the town of Kakabeka Falls.

● **OLD FORT WILLIAM**

Old Fort William is the world's largest reconstructed fur trade post, and is composed of 42 buildings on a 10-acre site by the Kaministiquia River. The fort brings to life the history of the North West Company and the development of Canada's fur trade in the early 1800s. Each summer, the Fort recreates the color and excitement of the Great Rendezvous, the annual meeting of North West Company employees voyageurs, natives and traders.

Today, visitors to the Fort experience life as it was. Skilled artisans demonstrate period crafts. Children can visit the livestock on the working farm.

Location: Follow Broadway Ave. off Hwy 61S. Turn west. 2-hour service with Thunder Bay Transit Neebing bus.

Open: May 1 - October 15, daily 10am-5pm.

Rates: Summer (June 24-Aug.20): Adult \$7.25, Senior/Student \$4.50, Under 6 free, Family \$25. Spring/Fall: Adult \$5, Senior/Student \$3.50, Under 6 free.

Costumed "Invaders" participate in the summer rendezvous at Grand Portage, Minnesota. (page 24)

Tourists explore Old Fort William's spacious grounds

Winter sleighride at Old Fort William

Old Fort William

Old Fort William — the wildest, woolliest fur trading centre in all North America, where every summer more than 1,000 North West Company agents, trappers, adventurers and voyageurs congregated for the Great Rendezvous. Trappers brought their pelts into the fort and exchanged them for provisions, guns and the one item that made rendezvous so lively — liquor. When the population peaked in the summer, at least 2,000 people lived in Fort William.

Bringing to life the fur trading days of the early 1800s, Old Fort William is located on the Kaministiquia River in Thunder Bay. This impressive reconstruction of the original fort conjures up the glory days of the North West Company as it was in 1815. Opened in 1973, Old Fort William consists of 42 rebuilt historic buildings on a 125-acre site. It is one of the largest living history sites on the continent.

Today, costumed interpreters and informative tour guides create the experience of a living historical community. Activities include native crafts, 19th century farming, canoe and ship building, meetings of the North West Company partners and much more. You can watch 19th century bakers, blacksmiths, gunsmiths, and carpenters while they work, participate in the construction of birch bark canoes, and witness a re-enactment of the dramatic rendezvous. In August the Fort celebrates the First Nations' contribution to the fur trade with Ojibwa Keeshigun — a two-day festival of aboriginal culture, music, dancing and demonstrations.

The fort's historic restaurant serves up real stick-to-the-ribs delights including home-baked, brick-oven bread and bowlfuls of thick, heavy voyageur stew.

Two views of the spectacular vertical wall of Ouimet Canyon

Ouimet Canyon Provincial Park

Ouimet Canyon is a two-mile gorge, 107 metres (350 feet) deep and 132 metres (500 feet) across, cut into the volcanic rock of Lake Superior's northern shore. One of the most striking canyons in Eastern Canada, it is located 65 kilometres east of Thunder Bay or 33 kilometres west of the town of Nipigon. The park provides two viewing platforms that allow visitors to take in the full expanse of ancient rock and forest. A unique feature of Ouimet Canyon is the micro-community of sub-Arctic plants that thrive in its shaded depths, the only place in Canada outside the Arctic where these plants are found.

Thunder Bay

Thunder Bay, the largest city in the North of Superior region, owes its development to its extensive natural resources and strategic location at the lakehead, where it boasts the world's largest freshwater port. From its early days in the fur trade and later growth in forestry, mining and shipping, Thunder Bay has grown into a dynamic city with a marvelous natural environment. The residents of this Lake Superior city enjoy a lifestyle that combines the pleasures of the city with the natural beauty and outdoor activities of the surrounding country. Summer and winter, Thunder Bay is a recreational dream.

City life includes its own symphony orchestra, dance companies, theatre productions, art galleries and a special collection of aboriginal art at the Thunder Bay Art Gallery. Hotels, motels, pubs and restaurants cater to visitors and locals alike and there's all the shopping you'd expect to find in a city of this size. There are four unique provincial parks in the area. You can tour an amethyst mine — Thunder Bay is one of a handful of places in the world where this beautiful gemstone is found — and even dig your own amethyst.

The city is also the gateway to the North of Superior region. This vast, unspoiled wilderness, full of the rivers,

lakes, forests and hills that make this region so special, is just a short drive or flight away. Resorts, guide services and outfitters guarantee some of North America's best sport fishing, hiking, canoeing, and hunting. Both flatwater and white water canoe and kayak outings for every level of experience can be arranged for the whole family. Charter boat excursions to fish for king salmon and rainbow trout with all equipment supplied are also available in Thunder Bay.

Thunder Bay has a long and proud sports history. Internationally known for the Big Thunder National Ski Training Centre, Thunder Bay is on the circuit for world jumping competitions. Other international winter sporting events such as the Nordic World Ski Championships have been held at Thunder Bay's world-class facilities. But you don't have to be a champion to take advantage of the area's excellent alpine slopes — vertical drops up to 800 feet — cross-country and snowmobile trails. They're all available for everyone who loves winter activities. A sport that's growing in popularity is rock climbing, and Thunder Bay has several spots for it, including the Sleeping Giant and other crags along the north shore.

The monument to Terry Fox near Thunder Bay

Terry Fox: Canadian Hero

Few people have touched as many Canadians as the young runner from Surrey, British Columbia. No one who saw him on his cross-Canada run will forget his remarkable determination and spirit. Thousands of people world-wide now keep his name alive in an annual Terry Fox Run for cancer research, the cause for which he began his Marathon of Hope. The Terry Fox Monument is an impressive bronze statue of the runner, located at an awe-inspiring lookout near where the recurrence of his cancer finally forced him to end his run in 1981. The beautiful 100 kilometres (63 miles) of highway between Thunder Bay and Nipigon have been named the Terry Fox Courage Highway to honor the memory of this generous and courageous Canadian.

Amethyst is for Lovers

Amethyst is a semi-precious gemstone found in only six other countries in the world. It is a crystalline variety of quartz made up of silicone dioxide containing minute quantities of iron. Natural heat and the earth's radiation combine to create the exotic purple amethyst mineral. Amethyst was adopted as the official mineral of Ontario in 1975. Used in Egyptian amulets as early as 2000 BC, amethyst is the birthstone for the month of February and the official gem for Wednesday, Jupiter and those born under the sign of Pisces. It is often used to symbolize deep love, happiness, sincerity and wealth.

The Amethyst Mine Panorama, the largest amethyst mine in North

America, was discovered in 1955, 35 miles east of Thunder Bay. Five years later amethyst production began and the Amethyst Mine Panorama has been continuously active since then. It is open to the public and offers a unique pick-your-own Amethyst adventure. The company also provides pails, digging tools and running water. The Amethyst Factory Gift Centre in downtown Thunder Bay has a full selection of precious purple amethyst as well as a variety of souvenirs and novelties. Several other North of Superior amethyst mines welcome visitors.

The fly-in fishing adventure begins

Fly-In Fishing

The North of Superior region is vast and largely unpopulated. The main centres stretch along Highways 11 and 17, which join at Nipigon, follow the shore of Lake Superior, then diverge again west of Thunder Bay near Shabakwa Corners. A CN railway line 200 or so miles to the north strings together a half dozen train stops and small communities, including Armstrong, Geraldton and Nakina. And surrounding these far-flung dots on the map? A wilderness of lakes and rivers with musical names such as Kapikotongwa, Kagianagami, Seseganaga and Makokibatan. This is the Arctic watershed; the rivers here flow into Hudson Bay.

And this is a prime area to experience the famous northern Ontario fly-in lodge and wilderness outpost fishing vacation. Thousands of unspoiled lakes and rivers await you. Lodge operators and outfitters fly anglers to dozens of remote tourist camps and outpost cabins. Outpost accommodation ranges from deluxe three-bedroom cabins to primitive lakeside camps. Outfitters and guides promise — and deliver — a great catch, breathtaking scenery and excellent service.

The renowned Albany and Ogoki river systems are favorites among anglers for the much loved walleye and the fighting northern pike. Lakes teem with yellow perch, whitefish, speckled trout and lake trout. There's no better way to find relaxation, trophy fishing and a nature experience that's unforgettable. If you like fishing and have always dreamed of dropping your line in a lake or river so clear you can drink it, far from anything but the great outdoors, this is the place for you.

Lake Superior: Greatest of the Lakes

Awesome, rugged, a force to be reckoned with, a place of myth, of austere but spectacular beauty — this is Lake Superior, the huge inland sea that is the world's largest freshwater lake. As its name suggests, it is the largest and mostly northerly of the Great Lakes with a total area of 84,251 square kilometres (32,483 square miles). The storms that blow over it whip up the highest waves, its waters are the deepest, and its rocky coast is the most rugged of the Great Lakes. The scenic shoreline can be enjoyed from the water or from Highway 17, which follows the coast from Thunder Bay to Marathon, a distance of over 200 kilometres. There are

many spectacular lookout points. The coastal hiking trail of Pukaskwa National Park just east of Marathon provides a unique opportunity to experience the unspoiled splendor of Superior and its shores.

Over 350 shipwrecks lie in Lake Superior, and scuba divers are attracted to the northern shore, where there are accessible dive sites around Thunder Bay and the Marathon area. And for a different fishing experience, try deep water charter fishing for lake trout and salmon.

Lake Superior's rugged shoreline at Pukaskwa

Pukaskwa National Park

Pukaskwa (puck-a-saw), whose name means "a wild shore of an inland sea," is Ontario's largest national park. On the northeast corner of Lake Superior east of Marathon, Pukaskwa is a wilderness park of dense forest, rushing rivers and rugged coastline. Massive headlands jut into Lake Superior, forming bays of uncommon tranquillity and beauty. These can be enjoyed from the spectacular coastal hiking trail or from the water.

As you move inland, the tranquillity gives way to rugged wilderness. Explore the huge wilderness by following one of the canoe routes. Dozens of species of animals live in the hilly terrain and drink from the rivers. Birds can be found nesting in the trees and on the rocky ridges. If you are lucky you may see a deer or moose admiring one of the waterfalls. And the numerous rock-rimmed lakes are brimming with fish. (But, please note that fishing and hunting are illegal in the park.)

Ontario's Sunset Country

■ *Exploring a watery world: the canoe is king in
Quetico Provincial Park
See listing page 54*

The sun sets later here than in the rest of Ontario. That's not just because of the different time zone. It's because it sets on a day so full of the most exhilarating adventures, it seems it will never end.

From the scenic splendor of Lake of the Woods on the southern border, up through the English River, past the vast stretches of Lac Seul, up to where the last road is a distant southern memory, this land is blessed with more than its

fair share of the "beautiful lakes" that gave Ontario its name.

It's an angler's paradise, with some of the world's best trophy fishing. And you can experience it any way you want – from a house boat; from a luxury resort with all the amenities; from a comfortable cottage; on a remote northern lake you've reached by floatplane.

It's also home to some of the world's finest canoeing, an unsurpassed array of wildlife, and

friendly communities with a host of welcoming events.

Ontario's Sunset Country – come on up, and watch the sun set over some of the finest days you've enjoyed in your life!

● **QUETICO PROVINCIAL WILDERNESS PARK**

At 4,758 km² (1,837 m²) Quetico is one of the oldest and largest parks in Ontario. The park's numerous lakes and streams, rich history, and wild undeveloped landscape all contribute to its reputation as an area of unparalleled wilderness canoeing opportunity. Several area outfitters supply all the necessities for a successful back country canoe trip. The only developed area in Quetico is the Dawson Trail Campgrounds, which has all the usual Provincial Park amenities. Popular game fish include Lake Trout, Bass, Northern Pike and Walleye. There are few amphibians and reptiles. Among the many mammals are beaver, muskrat, porcupine, wolves, mink, martin, fisher, otter, lynx, white-tailed deer, moose and black bear.

Location: Dawson Trail Campground: 48 km east of Atikokan, 161 km west of Thunder Bay, on Hwy 11. Interior access: Nym Lake, east of Atikokan, Dawson Trail (East), and Beaverhouse Ranger Station (West of Atikokan). From the U.S., Prairie Portage Ranger Station and Customs on Bayley Bay, Cache Bay Ranger Station, Canada Customs on Saganaga Lake, Lac La Croix Ranger Station, Canada Customs on Sand Point Lake.

Open: Interior: Year-round interior camping. Reservations required for interior camping between Victoria Day weekend - Labor Day weekend. Off season campers are required to register at self-serve stations located at each entry station. Dawson Trail Campground: Victoria Day weekend - Thanksgiving weekend.

Rates: Regular Provincial Park fees apply.

The centre is the hub of planning and coordination for emergency response to wildland forest fires in the West Fire Region, which stretches from the Ontario/Manitoba border in the west to a boundary east of Thunder Bay in the Marathon area. The southern boundary is the Canadian/U.S. border and the northern extends into Hudson Bay. Tours of the centre include a brief history of the forest fires in the region, a discussion of "managing" fires for both protection of the people and resources, while benefiting from fire as a natural part of the boreal forest ecosystem. A visit to the Fire Response strategic planning room, an overview of the lightning locator system, telecommunications, warehousing and the fleet of fire detection aircraft is part of the tour. Aerial fire attack experts are based at the centre and, when available, offer information on their program. Air Attack "birddog" aircraft and heavy waterbombers will also be on view for visitors. Pre-flight checks for immediate dispatch on red alert prevent access to the aircraft during escalated fire situations. However, when the aircraft are on yellow alert or lower, tours are usually given inside the waterbombers.

Location: 5 km east of Dryden on Hwy. 17, north on Hwy. 601 (follow airport signs), then right on Ghost Lake Road. Centre is down the road on the left.

Open: All year, Monday-Friday. Tours at 11am and 1:30pm; except statutory holidays. Best time to visit is during the forest fire season between April 1 - October 31.

Rates: Free admission.

Quetico Provincial Park: Canoe Heaven

No cars, motorboats, snowmobiles, no roads, no noise — the vast interior of Quetico Provincial Park is a canoeist's wilderness heaven. World renowned for its pristine beauty, the park has 1,500 kilometres (930 miles) of canoe routes, and links up with the Boundary Waters Canoe Area in Minnesota. The park holds virgin forests of pine and spruce, majestic waterfalls, towering cliffs and abundant wildlife — all accessible by canoe. The best wilderness canoeing in North America, if not the world, is in Quetico.

In 1909, Quetico, named after Quetican, the Ojibway spirit of exceptional beauty, was made a forest and game preserve to stop the rampant poaching of moose. Today, the park abounds with these magnificent creatures as well as beaver, otter, marten and bald eagles. With over 2,000 secluded wilderness campsites dotted throughout the park's interior, Quetico offers an unlimited choice of routes. Visitors

must bring with them everything they need — and take anything they brought away again, leaving the park's natural beauty untouched.

When in Quetico, be sure to visit some of the more than 30 mysterious pictographs painted on the sheer cliff faces. They include drawings of moose, caribou, hunters in canoes and other more abstract paintings. Their origins are unclear, but some believe the drawings represent the dreams of an ancient shaman. The most distinct pictographs are near Lac la Croix.

Quetico is situated just south of the town of Atikokan, known as the canoe capital of Canada for its association with the park. Atikokan outfitters can supply adventurers with all they need to enjoy the wilderness by canoe. There are also guided packages available, so it is possible to enjoy the Quetico experience even if you are not a seasoned canoeist.

Dryden: Moose

Northern Ontario is known for its wildlife, especially moose, and Dryden is no exception. The town mascot, Maximillian Moose, is an affectionate tribute to the largest member of the deer family. Visit Max, a 6 metre (18 foot) high statue on Highway 17, next to the Dryden Museum.

Bald Eagles, Pelicans, Moose and Mergansers

The wildlife of northern Ontario is legendary. Whether it flies, swims or walks on four legs, nature's living bounty has been richly bestowed here, a precious gift for all to enjoy.

The majestic moose is a symbol of the North. Fortunately, the moose population is on the increase here. The wet habitat that moose need for feeding is abundant, and hunting is controlled, so they thrive.

Black bear are plentiful, too. Though few will ever see one in the wild, they are there, and their presence reassures us that the world, at least here, is in balance.

The town of Ear Falls is known as the bald eagle capital of North America, but the great birds are also abundant in many other parts of the region. You'll often see one, soaring in splendid solitude.

Lac Seul is home to bald eagles, brown pelicans, loons, blue herons, osprey, ducks, moose, bear and caribou.

Summer on Lake of the Woods brings a birder's bonanza. Bald eagles dive, loons glide, blue herons guard the shores and flocks of white pelicans nestle among the lake's rocky inlets. Osprey, hummingbirds, turkey vultures, pileated woodpeckers, Canada Geese and many species of duck all vie for the birder's attention. Over 280 species of birds have been noted in the Rainy River District alone.

And, of course, there are the fish, the reason so many come to this region – muskie, walleye, lake trout, bass, northern pike. You're almost guaranteed a strike when you fish the waters of Ontario's Sunset Country.

Kenora

Nestled on the north shore of beautiful Lake of the Woods, Kenora is a bustling tourist centre and pulp and paper town. It's also the largest city in Sunset Country and the hub of the northwest. It offers excellent fishing, boating and hunting, and is home to one of the province's most famous sailing events, the LOWISA regatta each summer. There are dozens of lodges, resorts and outfitters in Kenora and the surrounding region, and it's a base for many of the region's extraordinary fly-in fishing and hunting excursions.

Kenora's downtown Harbourfront project, completed in 1986, is a beautifully landscaped area with various recreational facilities. If you take the lakeside footpath that winds its way out to McLeod Park, you'll discover Husky the Muskie, a statue which stands 13 metres tall, close to the 250-foot high Rotary Goodwill Geyser. Husky carries an important message to all who see him, "Help Prevent Water Pollution." Lake of the Woods is renowned for its numerous muskie – the North's biggest fighting trophy fish.

Lake of the Woods

According to one Cree legend, the lake was created by a wendigo, one of their lesser gods. In a fit of whimsy, he decided to create a lake spectacular in its uniqueness. He planted all manner of trees and shrubs, wild flowers, even cactus. He made the shores rich with gold and silver, and the islands he scattered with iron and mica, quartz and fool's gold. The early inhabitants thought of it as four separate lakes, so different did he make its parts. And the wendigo congested the northern half of the lake with more islands than water, creating a masterful maze of narrow channels, sheltered inlets and treacherous reefs. When he was done, the wendigo was so enthralled with his creation that he transformed himself into a rock so that he could forever marvel at his own handiwork.

The second largest inland lake in Ontario, Lake of the Woods borders on the state of Minnesota and the provinces of Ontario and Manitoba. Two thirds of its mass lie within Ontario and the city of Kenora is the headquarters for the region.

The lake's attractions are numerous. Hikers and naturalists love the rocky cliffs and hills and the abundant wildlife — it's one of the best

places in Ontario to see pelicans. Hunters and anglers have their choice of lodges and outpost camps. And for sailors there's a seven-day race and cruise, the Lake of the Woods International Sailing Association Regatta (LOWISA), the largest inland regatta in North America.

Rock paintings found in three locations on Lake of the Woods are still mystifying historians and chemists. Believed to be 800 or 900 years old, the paintings may have been created by the Blackduck people, according to one theory. Both the substance used to make the paint — berry juices, saps, gums — and the subject matter of the drawings themselves, present mysteries to scientists. Maybe you can decipher these ancient messages. Painted Rock Island is the home of some of these figures, which can be viewed from a boat in the channel between the island and Splitrock Island.

Numerous special events take place in the Lake of the Woods region during the summer months — Canada Day celebrations, Heritage Day, Pow-wows, and various fishing tournaments.

Provincial Parks

Ontario's Sunset Country's most celebrated provincial park is undoubtedly the wilderness canoeing paradise of Quetico. But it's not the only park in this region, and there are plenty of choices for those who like their wilderness in smaller doses, and with a few more of the comforts of home.

You can take the family for a picnic or a relaxed camping vacation at parks such as Lake of the Woods near Morson, Pakwash north of Ear Falls, Rushing River near Kenora, or Sandbar Lake just outside Ignace. Blue Lake Provincial Park just north of Vermilion Bay has crystal-clear waters and a beautiful sandy beach. All have showers, some sites with

electrical hook-ups, beach facilities, hiking trails and a chance to enjoy nature through interpretive programs. Quetico also has non-wilderness camping with full facilities at its car-accessible Dawson Trail campground.

Each has its own special features, too — Rushing River the cascades and rapids that gave it its name, Caliper Lake near Nestor Falls a beautiful stand of 40 to 60 foot red pines.

So pack up the camping gear and head for one of Ontario's Sunset Country's provincial parks.

Wilderness deluxe

Fishing is big in Ontario's Sunset Country. There are more establishments catering to anglers in this region of the province than in any other. Dozens of resorts and camps offer excellent packages and guided fishing excursions. Some of these are wilderness, fly-in adventures — often quite rugged and remote.

But if pork and beans around the campfire isn't your idea of fun, try one of the first-class establishments. Fish northern Ontario's superb lakes

for walleye, muskie, lake trout, bass and northern pike from 19-foot cruisers then retire to your deluxe, air-conditioned cottage with sandy beach to enjoy your catch — or dine in fully licensed restaurant/dining facilities. Relax in a spacious cedar chalet with fireplace, marina, playground, movie room and nature trails. Take in some tennis or windsurfing. Play a round of golf, or relax in the whirlpool and sauna.

Great fishing ... luxury living.

Useful Information For Visitors

CREDIT CARDS

Most major credit cards are welcome in Canada, including American Express, MasterCard, Visa, Diners Club, EnRoute and Carte Blanche.

CURRENCY

We recommend that visitors use Canadian funds. Currency exchange offices, conveniently located at most of our travel centres at the U.S./Ontario border (see Page 8), offer a good rate of exchange and are open daily. A good rate of exchange is also offered at the currency exchanges at our international airports (Toronto, Ottawa) and at all banks and trust companies. Banks are generally open 10am to 4pm Monday to Thursday; to 6pm Friday. Most trust companies are open 9am to 6pm weekdays and Saturday mornings.

CUSTOMS AND IMMIGRATION

American visitors crossing the border, either way, may be asked to verify their citizenship with such documents as a passport, or a birth or baptismal certificate. Naturalized U.S. citizens should carry a naturalization certificate. Permanent U.S. residents who are not citizens are advised to bring their Alien Registration Receipt Card.

Citizens of other countries, except Greenland and residents of St-Pierre and Miquelon, must have a valid passport and some also require a visitor's visa.

Travellers under the age of 18 and unaccompanied by a parent need a letter of permission to travel in Canada from a parent or guardian.

As a non-resident of Canada visiting Ontario, you're allowed to bring in any reasonable amount of personal effects, a reasonable supply of food and a full tank of gas. Please note that certain agricultural and quota restrictions apply.

GIFTS

Visitors to Ontario can send gifts to friends or relatives in Canada, or can bring the gifts with them, and no duties will apply, provided the value of each gift does not exceed \$60 (Canadian funds), and they do not consist of tobacco products, alcoholic beverages or advertising material. Gift packages sent by mail should be plainly marked "UNSOLICITED GIFT" and the value should be indicated. Gifts valued at more than \$60 (Canadian funds) are subject to duties on the excess amount.

ALCOHOLIC BEVERAGES

Visitors arriving in Ontario who are 19 years of age or over may import, duty and tax free, for personal use either:

1.1 litres (40 ounces) of liquor or wine; or 24 x 355 ml (12 ounce) cans or bottles of beer, ale, or their equivalent.

Visitors can import more alcoholic beverages (up to 45 litres or 11.9 U.S. gallons), if they are willing to pay the Ontario fees and taxes in addition to the duties that apply.

TOBACCO PRODUCTS

Visitors arriving in Ontario who are 19 years old or older (19 on or after December 1, 1995) may import, duty and tax free, 200 cigarettes, 50 cigars, 400 grams (14 ounces) of manufactured tobacco, and 400 tobacco sticks.

If visitors bring in more tobacco products, they will have to pay the Ontario taxes as well as the duties that apply.

For detailed information write to:

Revenue Canada, Customs and Excise, Public Relations Branch, Ottawa, Ontario, K1A 0L5.

DUTY FREE SHOPS

Motorists crossing the U.S./Ontario border at 10 major points will be able to enjoy duty free shopping on the Ontario side for goods that are to be taken with them directly into the United States.

Here are the locations of our Duty Free Shops open year round. Please check ahead for hours of operation.

U.S. residents returning to the United States after 48 hours can take back \$400 US worth of merchandise, duty free, every six months. This may include one litre of alcohol (35 ounces), 200 cigarettes or 100 cigars that are not of Cuban origin. After a visit of 72 hours or more, if the \$400 exemption has already been claimed in the six months previous, an exemption of \$100 is allowed. After less than 48 hours, \$25 is allowed. For further information on entering or re-entering the United States, please contact U.S. Customs.

FIREARMS AND AMMUNITION

You may bring a hunting rifle or shotgun into Ontario as a visitor for hunting or competition purposes if you are 18 years of age or older, plus 200 rounds of ammunition for hunting, or 1,500 rounds for use at a recognized meet, duty and tax-free, up to a total of 5,000 rounds.

Firearms manufactured as fully automatic are prohibited entry, regardless of any conversion, and no firearms less than 66 cm (26") in length or with a barrel less than 46 cm (18½") are allowed, unless they are being imported for an approved shoot, at which time a temporary permit is required in advance from a local police agency. So please, no handguns!

HOLIDAYS

Whenever we say Thanksgiving, we mean Canadian Thanksgiving, which falls on the second Monday in October.

Other public holidays in Ontario: New Year's Day and Good Friday, Victoria Day (May 24 or preceding Monday), Canada Day (July 1), Civic Holiday (first Monday in August), Labour Day (first Monday in September), Christmas Day and Boxing Day (December 26).

Many places in Ontario close on Christmas Day, New Year's Day and Good Friday; be sure to check ahead.

HOSPITAL AND MEDICAL SERVICES

Visitors are urged to obtain health insurance before leaving their home country. (It is possible that your health insurance does not exceed coverage outside your country of residence.) If you are taking medicine prescribed by your doctor, bring an adequate supply and a copy of the prescription in case it needs to be renewed by a doctor in Ontario. For further information and insurance details, contact your travel agent or insurance agent.

FISHING AND HUNTING

Residents of Ontario are required to have an Outdoors Card. Licenses are required for fishing and hunting in Ontario, and may be purchased from most sporting goods stores, tourist outfitters, hunting and fishing lodges as well as Ministry of Natural Resources district offices.

For information on seasons, regulations and licence fees, contact:

Ministry of Natural Resources
Natural Resources Information Centre

Toronto, Ontario M7A 2C1
Tel: (416) 314-1177

LAND USE LAWS

The *Occupier's Liability Act* reduces a rural landowner's responsibility for the safety of non-paying visitors. Signs can be erected to indicate which activities are allowed on the property.

The *Trespass of Property Act* designates premises where entry is prohibited without notice. Entry on other property may be prohibited by notice. A red marking at least 10 cm (4 inches) in diameter is equivalent to a No Trespassing sign. Trespassers can be fined up to \$2,000 and ordered to pay any damages.

For a free explanatory brochure, write to:

Communications Branch
Ministry of the Attorney General
Main Floor
720 Bay Street
Toronto, Ontario
M5G 2K1

LIQUOR

Anyone 19 or over may buy liquor and imported or domestic wine and beer from government liquor stores. A large selection of domestic beer is available from Beer Stores. Outlets are located throughout Ontario. Drinking hours in licensed establishments are from 11am to 1am. In Ontario it is an offence to consume alcohol anywhere other than a residence or on licensed premises.

Please note: Driving motorized vehicles, including boats, while impaired is illegal. You can be convicted for refusing to take a breathalyzer test or having a breathalyzer reading greater than 80 mg (0.08%) of alcohol per 100 ml of blood.

PETS

Dogs and cats over three months of age entering Canada from the United States will need certification, signed by a licensed veterinarian, that they have been vaccinated against rabies. The certificate should provide a complete and legible description of the pet and the date of vaccination. Animals must be vaccinated in the preceding 36-month period and at least 30 days prior to re-entry into the United States.

POSTAGE

Canadian postage stamps must be used on all mail posted in Canada. Postage is 45 cents for post cards and letters up to 30g (1 ounce) destined for Canada, 52 cents for the United States and 90 cents (up to 20 gr) for other countries (1996 rates).

PUBLIC TRANSPORTATION

The province is laced with a network of regional and national airline flights, railways, bus routes and ferries. Charter flights will take you to more remote places. Thirteen airlines provide scheduled air service to 63 airports throughout the province. If you're already here and need a public carrier, contact a local travel agent or check the yellow pages, call the company and book direct.

Major Canadian carriers Air Canada and Canadian Airlines International can supply you with up-to-date schedules and reservations. VIA Rail Canada links most of the major cities in the province and connects with Amtrak and other U.S. rail lines at many border crossings. The largest bus lines are Gray Coach, Greyhound, and Voyageur Colonial.

TAXES

Eight per cent provincial sales tax applies to most purchases. Seven per cent federal goods and services tax applies to most purchases of goods and services.

SALES TAX REFUNDS

Visitors from outside Canada may claim a refund of the 7 per cent federal GST (Goods and Services Tax) on accumulated purchases of a minimum \$100, provided the goods are taken out of Canada within 60 days. Tax charged on hotel and motel accommodation is also eligible for refund.

Further information and application forms may be obtained by calling 1-800-ONTARIO.

WEATHER

Ontario weather is much the same as that of the northern United States. Temperature measurements are in Celsius. June, July and August are our summer months, when days are usually warm, though nights may be cool, particularly in the north. Medium to heavy-weight clothing is recommended from mid-September to mid-November and from mid-March through April. During the winter you'll need to dress warmly.

Rules Of The Road And Other Helpful Tips

AUTOMOBILES

• **CAA Service.** The Canadian Automobile Association (CAA) and its member club, the Ontario Motor League (OML), are affiliated with several international automobile clubs, including the American Automobile Association (AAA), and members are entitled to reciprocal benefits. Check the phone directory for CAA and OML listings.

• **Documents.** A valid driver's licence from any country is good in Canada for three months. However, as added identification you may wish to obtain an International Driver's Licence before your trip. If you're driving over the border, bring the vehicle registration forms and a free Canadian Non-Resident Insurance Card from your insurance agent, or the policy itself. Minimum combined Liability insurance in Ontario is \$200,000. If you're driving a borrowed car also bring a letter of permission signed by the owner. If you're driving a rented car, include a copy of the rental contract.

• **Gasoline.** Our service stations sell unleaded and premium unleaded gasoline (please note: leaded gas is no longer available). Many stations also sell diesel fuel, particularly along the highways. The number of stations offering propane and natural gas for motor vehicles is growing rapidly.

Some service stations close at 7 p.m. and don't open at all on Sundays. However, 24-hour stations can be found at larger centres and along main highway routes (400 series highways).

• **Rentals.** Automobile rentals are available at our international airports and in many of our towns and cities. With most companies, the minimum age is 21 with a credit reference.

• **Services.** The Ontario Provincial Police patrol the highways and other areas not served by municipal police services. You can reach them locally by calling one of the regional toll-free numbers listed on the Ontario Official Road Map.

If you are involved in an accident resulting in a personal injury or property damage over \$700, you must notify the police and remain at the scene of the accident until cleared by investigating officers. First aid stations are clearly posted along the highways.

Information on highway conditions in the province is available all year from the Ministry of Transportation regional offices; the 24-hour toll-free number is 1-800-268-1376. For the greater Toronto area, call the Road Information Office at (416) 235-1110.

• **Tolls.** International bridges, tunnels and ferries charge a fee but our highways are toll free.

Ontario traffic rules may be somewhat different from the ones you're used to. So here's a list of traffic tips for your Ontario holiday.

• **Bicycles.** Bicycles are considered vehicles and must obey the same traffic laws. Bicycles are not allowed on controlled access highways. The wearing of bicycle helmets is mandatory.

• **Hitchhiking.** Hitchhiking is not allowed on major (controlled access) highways.

• **Radar Warning Devices.** Radar Warning Devices are forbidden in Ontario, even if turned off and only being transported in your vehicle. Our police may confiscate such devices and fine you as well.

• **Right Turns on Red Lights.** Right turns may be made on red lights unless otherwise indicated. You must come to a full stop at the light, but may proceed with caution if the way is clear.

• **School Buses.** Traffic travelling in both directions (except divided roads or highways) must stop for a yellow school bus when its red lights are flashing and the stop arm is extended.

• **Seat Belts.** Ontario law requires that adults and children over 18 kg/40 lbs in weight wear them. Infants from birth to 9 kg/20 lbs in weight must travel in a rear facing child restraint system. Toddlers weighing 9 to 18 kg (20 to 40 lbs) travel in a front-facing child restraint seat.

• **Speed Limits.** Speed limits in Ontario are in kilometres per hour (km/h). Freeways have a speed limit of 100km/h (62 mph); the Trans-Canada routes 90 km/h (56 mph). Most other rural highways and country roads have a speed limit of 80 km/h (50 mph). In urban and other populated areas the speed limits generally range from 40 to 60 km/h (25 to 37 mph). Consult the equivalency chart below to familiarize yourself with speeds in kilometres.

• **Streetcar Stops.** Vehicles must remain at a standstill at least two metres (six feet) behind the rearmost door of a stopping or stopped streetcar for the safety of passengers boarding or alighting.

• **Studded Tires.** Studded tires are forbidden on Ontario highways.

• **Windshields and Windows.** Windshields and side-front windows must allow a clear view of the vehicle's interior and the colour cannot substantially obscure the interior.

More Information On Camping In Ontario

Ontario Provincial Parks

There are over 265 provincial parks in Ontario. Provincial means the parks are owned, maintained and protected by the province. Many provincial parks are busy during the peak summer season. The campsite reservation service provided at the more popular parks is convenient and can help you avoid disappointment. Simply make your request well in advance of your arrival date by phone, mail or in person directly to the park, using VISA or Master Card. If you don't have a reservation, all the parks also have sites available on a first-come first-served basis. Reservations are not necessary for day visits.

Reservations are not required during the fall season, or at many Northern Ontario parks.

Some provincial parks accommodate motor homes and provide electricity. All provincial parks provide a trailer sanitary service. Also, all parks have some form of maintained washroom facilities. Food and other necessities can usually be purchased within the park or nearby. Pets are allowed in provincial parks provided they are on a leash not exceeding 2m (6 feet) in length.

For more information on Ontario's provincial parks and recreational areas, phone, write or visit:

Natural Resources Information Centre
Macdonald Block
Room M1-73

Toronto, Ontario
M7A 2C1
Telephone: (416) 314-2000

To alleviate overcrowding on canoe routes and hiking (backpacking) trails in major canoeing parks such as Algonquin, Quetico, Killarney and Frontenac, daily quotas on the number of people entering the interiors of these parks have been established. In these provincial parks, it is now possible to reserve an interior permit ahead of time. Also, to reduce unsightly litter and to help preserve their outstanding beauty, cans and bottles are banned in the interior of these parks as well as Lake Superior, where interior camping permits are available on a self-serve basis. Cans and bottles are permitted, however, in organized car campgrounds.

Campsite Vacancy Reports. To find out if sites are available, campers can phone the Campsite Vacancy Reporting Service before embarking on a trip. In operation from mid-June to Labour Day, this service provides a daily estimate of the number of campsites unoccupied in 55 parks. Telephone (416) 314-0998 or 1-800-ONTARIO.

Operating Seasons

In Southern Ontario, most provincial parks are in full operation from mid-May until the Labour Day weekend; in Northern Ontario from early June until the Labour Day weekend, and possibly earlier.

When a park is in full operation, complete facilities and services are provided. These vary among parks and include comfort stations, showers, laundry facilities, electricity, firewood, garbage collection, running water and visitor services programs.

Provincial parks never really close and visitors are welcome during the off-season. Few facilities are maintained, but vault privies are generally open, fireplace grates are available and fees are generally collected through self-serve registration. Although some parks may be gated to prevent vehicular entry, all parks are accessible to pedestrians from sunrise to sunset.

Winter camping is allowed in some provincial parks, but it is important to note that most are unsupervised and facilities are limited. Some parks offer cross-country skiing as well. More information can be obtained from the Ministry of Natural Resources.

Crown Land Camping

There are some regulations about Crown or public land that you should know about.

Non-residents of Canada, 18 years of age and older, are required to obtain a permit to camp on Crown lands in Northern Ontario (the area north of the French and Mattawa rivers, from the northwestern to the northeastern borders of the province). These permits are available from most angling licence issuers and from MNR district offices. For further information, contact the local Ministry of Natural Resources district offices throughout Ontario.

Every Camper Must Prevent Fires!

Campfires must be set on bare rock or mineral soil. An area of at least 1 m (three feet) in width from the outside of the fire must also be bare rock or mineral soil. Fires must be kept under control, tended by a responsible person and be properly extinguished before the site is left.

Restricted Fire Zones - imposed in times or areas of serious fire danger - mean that no person shall start a fire outdoors for the purpose of cooking or obtaining warmth, except in a portable stove or charcoal installation.

Restricted Travel Zones also are imposed in times of severe fire danger. Forest travel is not permitted in these zones except under the authority of a Forest Travel Permit. Check with the local Ministry of Natural Resources office for current information on restrictions in each area.

Smoking. No person shall smoke while walking or working in a forest woodland during the fire season. It is an offense to drop or throw unextinguished smoking material in or within 300 m (1,000 feet) of a forest or woodland. And remember - responsible smokers sit down to smoke.

Trailer size limits for Ontario highways:

Maximum length 14.65 m (48 feet)
Maximum height 4.15 m (13.6 feet)
Maximum width 2.6 m (102 inches)

Maximum length:
Car and trailer-23 m (75.5 feet)
Semi-trailer-14.65 m (48 feet)
Trailer-12.5 m (39 feet)

If a vehicle is non-commercial such as a motorhome, its overall maximum width is 2.6 m (102 inches), including side mirrors. It is against the law to transport anyone in a house or boat trailer when it is in motion.
